FILE No. 607-03-4

SERIAL No. 8

From John Taylor & Sons
London.

To The Dewan of Mysore
Bangalore

Mysore State Southern India.

Sir,

We have the pleasure to address you on the subject of the Detective Force maintained at the cost of the Mining Companies on the Kolar Gold Field.

When in June 1900 our Representatives, Messrs. Edgar and Arthur Taylor and Sir John Lambert made an appeal to the late Dewan to improve Police organization on the Field, Sir Sheshadri Iyer was pleased to consent to the proposal that the services of a police officer should be applied for from the Government of Madras, and the period of the loan of such officer was fixed at three years. And, when Sir Sheshadri further consented to receive from the Companies a yearly contribution for the maintenance of a Detective Force, the same period for such contribution was agreed upon as agreeable both to the Mysore Government and the Mining Board.

The sanction for the contribution therefore expires nominally in August next, but having regard to the favourable reports testifying to the great usefulness of the Detective Force which have from time to time during the past two years reached the Directors, we now on behalf of the Companies interested. desire formally to express our wish to continue supporting this necessary adjunct to the State Police, and we beg to repeat what we had the pleasure of writing to you on the 23rd. May 1902, that it is the wish of the Directors that the Detective Branch should be thoroughly efficient.

On his return from India in April last Sir John Lambert informed us that the Deputy Commissioner of the Kolar District had in the preceding month addressed your Government recommending that certain changes be made in the internal management of the Detective Force, which were regarded by the responsible heads as likely to promote efficiency.

We trust that the Government of Mysore has been able to sanction Mr. Carr's proposals.

We have heard with much interest of the recent important seizure of Kolar Gold in Bangalore Cantonments, and we are informed that the Detectives on the Field took a leading part in initiating the measures which led to the conviction of two notorious receivers in the above case.

We desire to take this opportunity of expressing to the Government of Mysore the hearty thanks of the Directors for the great interest shown personally by H.H. The Maharajah and also by the high officials of the State in promoting the prosperity

of the mining interest on the Field, and we would add that the Directors have a high appreciation of the support given to our Staff by the Resident and Messrs. Carr and Thomas.

We are, Sir,

Your obedient servants,

John Taylor & Sons

FILE No. F. 1 of 03-4
SER'AL No. 4

Gentlemen,

I am directed to acknowledge the receipt of your letter dated the 31st July last to the address of the Dewan of Mysore, in which, speaking on behalf of the Mining Companies interested, you formally express the desire that the arrangement under which a special Detective Force is maintained on the Kolar Gold Fields with the support of a yearly contribution of Rs 13,000 from the Companies, should continue.

The Government of His Highness the Maharaja has much pleasure in noting this expression of your desire and they would refer you

Police/12/07 Encl. 3

in this connection to their Order* of the 20th July 1903, in which, after alluding to the excellence of the work done by the Detective Staff, the Govt observe that "the continuance of so serviceable a staff is in every way desirable."

* A copy of this Order was forwarded to you with my letter no. 417 J. M. 4279/1903 of the 18th Aug 1903.

You will also see from the same Order that the proposals made by the Deputy Comm.r of the Ndola D.t, and referred to in your letter, have met with the approval of Govt and have been sanctioned.

In conclusion I am to say that you, and the mining Companies whom you represent, may rest assured that no effort will be wanting on the part either of this Govt or of its Officers to render the Detective force as efficient as possible, and generally for promoting the prosperity of the mining industry, in which the State is so much interested.

I have the honour to be,
Gentlemen,
